## **DETAILED ACTION**

### **Allowable Subject Matter**

Claims **55, 58 – 62 and 64 – 74** are allowed.

The following is an examiner's statement of reasons for allowance:

The above mentioned claims are allowable over prior arts because the CPA (Cited Prior Art) of record fails to teach or render obvious the claimed limitations in combination with the specific added limitations recited in claims 55, 65 and 70 (& associated dependent claims).

The present invention is directed to a method that comprises populating an access control list with a destination user group identifier, wherein said access control list is a role-based access control list, said destination user group identifier identifies a destination user group of a destination, said access control list comprises a source user group field configured to store a source user group identifier and a destination user group field configured to store a destination user group identifier, said source user group comprises a plurality of source network devices, said source user group is assigned to said source based on a role of said source, said destination user group comprises a plurality of destination network devices, said destination user group is assigned to said destination based on a role of said destination, and said access control list is configured to allow said source user group identifier and said destination user group identifier to be compared. The closest prior arts on the record, either singularly or in combination fails to anticipate or render obvious the claimed invention that said populating is performed by a network device and comprises sending a request to another network device, and receiving a response from said another network device, wherein said response includes said destination user group identifier.

Art Unit: 2431

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
